Contract Award Price: Euro 1,449,383.05
Contract Start date: 14 days from the date of signing the contract, May 14, 2019 in Dakar (Senegal).
Contract Duration: 18 months

Summary of Scope of Contract Awarded: The Gambia River Development Organization (OMVG) has received a grant ("grant") from the Sustainable Energy Fund for Africa (SEFA) of the African Development Bank (AfDB) and the United Nations Industrial Development Organization (UNIDO).

This grant will finance the development of a bankable feasibility study (incl. all required assessments) and a detailed engineering and design study on the Saltinho Run-Off-River Hydropower Project with an estimated capacity of 20 MW in Guinea-Bissau on the Corubal River, around 100 km southeast of the capital Bissau. The project is part of a wider regional grid extension project, which will interlink electrical networks of The Gambia, Guinea, Guinea-Bissau and Senegal. The sectorial objective of the study is to strengthen the regional cooperation and integration of OMVG member countries in the energy sector, and particularly in the electricity subsector.
